## CONSENT STATEMENT

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

## ABOUT ME

I am a third-year student at Polish-Japanese Academy of Information Technology, majoring in Computer Science. Currently, I am working on my engineering thesis focused on UI/UX design, in which I am creating a website project with glossaries. I am expecting to graduate in 2025. I am constantly developing my skills through not only studying, but also projects and courses.

I am seeking my first job in IT, which will allow me to gain experience and develop my skills further. I have a great passion for design and dream of doing it professionally. As a member of a team, I really care about the atmosphere and wellbeing of my coworkers - I like to brighten up their moods.

## EDUCATION AND CERTIFICATES

### Polish-Japanese Academy of Information Technology

Bachelor of Engineering, Computer Science | 2021-2025

During my first-cycle course, I became familiar with technologies and languages such as Figma, HTML5, JavaScript, CSS, Python, Java, C#, SQL, UML, and more.

### Cambridge English Level 3 Certificate in ESOL International (Proficiency)

Cambridge University Press & Assessment English

Issued June 2021, 500/2429/2

## PROJECTS

### Personal Website with animation

Tailwind, Node.js, HTML, CSS

My personal website was made with Vite and Tailwind CSS. It is published on my GitHub page with documentation and a sneak peak into Figma.

### CaaTS timetable app

Figma

I designed an UI using Figma for a timetable app for students that was developed by my friend based on his own API.

## SKILLS AND LANGUAGES

Figma, HTML5, JavaScript, CSS, Python, Java, C#, SQL, UML,

**Polish:** native

**English:** C2

**German:** B1
